• Clause 108 of Finance Bill 2016	177
• Periods of Limitation	178
• Properties which can be attached	178
• Properties which cannot be attached	179
❖ Text of Rule 10(1) of Second Schedule, Income-tax Act, 1961	179
• Membership right in the Stock Exchange is not property of the assessee and therefore it cannot be attached under section 281B.....	179
• Only remedy against the provisional attachment is to file a writ petition under Article 226 of the Constitution of India.....	179
• Specimen of order under section 281B of the Income Tax Act, 1961	179
• CBDT's Instruction No. 1884, dated 07.06.1991 — reference under sections 226, 220, 281B — Provisional attachment of property under section 281B of the Income-tax Act, 1961	180
• Where during pendency of appeal along with stay application, revenue authorities issued notices for recovery and had attached bank accounts of petitioners, as an interim measure given COVID-19 pandemic situation in country, banks of petitioners were to be directed to allow petitioners to operate bank accounts subject to bankers' of petitioner setting aside amount demanded in recovery notice	180
• Power should be exercised by the Assessing Officer only if there is a reasonable apprehension that the assessee may default the ultimate collection of the demand that is likely to be raised on completion of the assessment.....	181
• Reasoned order - When in earlier assessment years Tribunal has suspended the recoveries arising out of demands made on similar issues – Order of provisional attachment under section 281B is set aside	181
• Recovery of tax - Over 21% of demand already collected - Assessments concluded - No justification to continue with provisional attachment under section 281B.....	182
• Provisional attachment under section 281B–Pendency of appeal – Stay -Directed the revenue authorities not to enforce the order until a decision is taken by the Appellate Authority on stay application filed by the assessee	182
• Provisional attachment under section 281B – Search - Attachment of bank accounts and two immoveable properties - Tax, interest and penalties were unlikely to exceed attached two immoveable properties - Directed to lift provisional attachment on bank accounts	183
• Attachment in any case should not be made so as to cause irreversible detrimental effect to the business of the assessee	183
• Fixed deposit of third parties attachment is held not to be valid - Section 281B provides for attachment of property of the assessee only and of no one else.....	184
• Power under Order XXXVIII Rule 5 is a drastic and extraordinary power and should be used sparingly and should not be exercised	

- mechanically or merely for the asking..... 184
- A property was transferred to transferee and the transferee had paid full consideration and possession was taken by transferee - Assessee became the deemed owner of those flats even if the deed of conveyance were not executed in the name of assessee - The proceedings under section 281B cannot be initiated by attaching the property. Registration is not relevant to Income-tax Act..... 185
- Provisional attachment order should be in writing and spell out the reasons in the order and must be passed with the approval of the higher authority 186
- Provisional attachment of FDs and bank accounts were invalid where immovable property of assessee attached earlier was sufficient to cover tax demand of assessee - The attachment of bank accounts and trading assets should be resorted to only as a last resort because, the attachment of the bank accounts of the assessee would paralyse the functions and business of the assessee..... 186

CHAPTER 43: POWERS OF ASSESSING OFFICER TO GRANT STAY OF DEMAND

- When can a stay be granted by Assessing Officer 213
- Responsibility 213
- Treat the assessee as not being in default in respect of the amount in dispute in the appeal [Section 220(6)] 214
- The CBDT has issued Office memorandum F. No.4 04/72-93-ITCC, dated 29.02.2016 by which it has revised Instruction No. 1914, dated 21.03.1996 and issued fresh guidelines for stay of demand at the first appeal stage. (F.No.404/72/93-ITCC)..... 214
- CBDT Circular : No. 589, dated 16.01.1991..... 217
- CBDT Circular No. 530, dated 06.03.1989..... 217
- Whether the demand arising out of partially set aside appeal orders can be collected or not? 218
- Penalty under section 221 cannot be imposed before disposing off of the stay petition..... 219
- Assessee deemed in default – Stay – Attachment of bank account 219
- Assessee cannot be treated in default until stay application is disposed off..... 219
- When a rectification application under section 154 of the Act is pending before the Assessing Officer, the Assessing Officer cannot recover the tax in dispute 219
- Stay should be granted if grounds of appeal are not frivolous..... 220
- Time Limit for disposal of Stay Petitions 220
- Remedy where discretion is not exercised judiciously..... 220
- CBDT Instruction - F. No. 404/72/93-ITCC, dated 31.07.2017 220
- Stay of demand – Assessing Officer cannot impose precondition 20% without applying his mind to the application made by the assessee [CBDT Circulars dated : 29.02.2016 and dated 31.07.2017]..... 221
- Discretion of the Assessing Officer..... 221
- Issue decided in favour of assessee by CIT(A) in other proceedings - Pendency of appeal before CIT(A) – Assessing Officer cannot pass the order to deposit 20% of tax in dispute – Stay was granted against recovery of demand 222
- After rejecting stay application Assessing Officer must give reasonable time before taking steps for coercive recovery 222
- Assessee deemed in default - Power–Guidelines - Assessing Officer reminded that he is not mere “tax gatherer” and cautioned to follow guidelines for recovery of tax..... 223

- Assessee deemed in default–Stay – Reasoned order- Assessing Officer must pass reasoned order to deal with stay applications 223
- Assessee deemed in default–Stay- Guidelines–Assessing Officer and Appellate authorities are not mere tax gatherers; have duty to be fair to the assessee 224
- Income assessed by the Assessing Officer was 47 times of income declared by assessee. In high-pitched assessments, Assessing Officer must ordinarily grant stay of demand - Stay has to be granted when assessed income is more than 47 times of income declared by the assessee - Therefore instruction No. 96, dated 21st August, 1969 holds the field. Therefore assessee cannot be treated as assessee in default..... 225
- Assessee deemed in default - Power-Extra legal steps - Assessing Officer should not adopt “extra legal steps” of threatening or inducing the assessee for tax recovery 225
- Valid service of Notice under section 156 is mandatory, failure to serve notice recovery proceedings not valid 227
- Assessing Officer’s power to curtail the period of payment of 30 days [Proviso to Section 220(1)] 228
- Payment of whole amount not a precondition 228

CHAPTER 44: POWER OF PRINCIPAL COMMISSIONER OR COMMISSIONER TO GRANT STAY OF DEMAND

- In the event of Assessing Officer rejecting assessee’s application under section 220(6) 229
- Order passed by PCIT rejecting application for stay of demand isn’t appealable before Tribunal 229

CHAPTER 45: POWERS OF COMMISSIONER OF INCOME-TAX (APPEALS) TO GRANT STAY OF DEMAND

- Powers of CIT(A) to grant stay of Demand 231
- Stay – Appeal pending before Commissioner (Appeals) – Request to keep the demand in abeyance – Assessing Officer refusing and directing to pay 20 Per Cent of demand – Held to be not proper – Commissioner (Appeals) was directed to hear the appeal expeditiously..... 231
- Commissioner (Appeals) - Powers - Assessee deemed in default – Stay - Prima facie case - If prima facie case is in favour of the assessee, full demand should be stayed..... 232

CHAPTER 46: POWERS OF INCOME-TAX APPELLATE TRIBUNAL TO GRANT STAY OF DEMAND [SECTION 254(2A)]

- ITAT may grant stay subject to deposits not less than 20% of the amount [First proviso to Section 254(2A) – With effect from 01.04.2020]..... 235
- Total stay granted by ITAT cannot exceed 365 days [Second proviso to Section 254(2A) – With effect from 01.04.2020] 235
 - ❖ Text of Section 254(2A) 236

• Powers of Tribunal to grant stay of demand	236
• Fee for application for stay of demand [Section 253(7)]	236
• Procedure for Stay Petition– Rule 35A of the Income -tax (Appellate Tribunal) Rules, 1963	236
• Procedure for filing and disposal of stay petition [Rule 35A Income-Tax (Appellate Tribunal) Rules, 1963]	237
• Documents to be Annexed while filing stay petition before Hon'ble ITAT	237
• Extension of stay of demand allowed if delay in not disposing of appeal is not attributable to assessee	238
• Appellate Tribunal – Stay – In cases where there is stay of recovery of demand of tax, the Tribunal should deal with the appeals pending before it on a higher priority. The Tribunal should consider forming a separate list of such cases which should be heard on priority after arranging the cases on the basis of their seniority as well as the quantum involved in the stay	238
• ITAT President to consider whether a Special Bench should be constituted to decide two very significant aspects relating to the powers of the ITAT to grant unconditional stay of demand after the amendment in first proviso to section 254(2A) by the Finance Act, 2020, namely,	238
• Order of Tribunal granted the stay is affirmed - Appeal is held to be misconceived	239
• Appellate Tribunal – Stay – Order of Tribunal to pay entire outstanding demand in instalments were modified as the Tribunal did not record any finding that assessee had not made out a prima facie case and hardship	240
• Appellate Tribunal – Stay – Power – Tribunal has the power to modify the stay order – Dismissal of stay application is held to be not justified on the ground that the Tribunal has no power to modify the stay order as the order is not passed under section 254(1) – On facts only a part of interest amount is still remain unpaid rejection of application is held to be not justified	240
• Appellate Tribunal – Stay – Deposited 71 per cent of tax demand raised in reassessment proceedings – Tribunal is not justified in rejecting the stay – Balance amount of tax and interest was to be stayed till disposal of assessee's appeal	241
• Appellate Tribunal – Stay – Stay of demand would not stand vacated after expiry of a period of 365 days, if delay in disposal of appeal was not attributable to assessee [S. 254(1)]	241
• Appellate Tribunal – Stay – Appeal could not be decided by Tribunal due to pressure of pendency of cases and delay in disposal of appeal was not attributable to assessee in any manner – Interim protection of stay could continue beyond 365 days	241
• Appellate Tribunal – Stay – Recovery of tax – Substantial payment of tax in dispute was paid – Stay was granted	242

- While deciding an application for stay of demand, the Appellate Tribunal can only consider the prima facie case on merits. It cannot give a final finding on the merits and decide the appeal itself 242
- 100% stay of demand has to be granted in high pitched assessments as per Instruction No. 96 of 1969 242
- Tax recovery could not be initiated until matter is heard and outcome of stay application is decided by ITAT 242
- Assessee deemed in default - Stay of recovery – Adjustment of refund against current demand – ITAT has power to stay recovery and not permit adjustment of refund 243
- Stay Application in Tribunal maintainable despite non-filing of stay petition before lower authorities 244
- The assessee filed a stay application before the Assessing Officer, Addl CIT & CIT but none of the authorities dealt with it. The assessee also filed a stay application before the Tribunal which was opposed by the Department on the ground that the application was not maintainable without there first being a rejection by the lower authorities. HELD dismissing the department's objection: 244
- Power of Appellate Authority to grant Stay of Recovery Proceedings is Independent of Section 220(6) 245

CHAPTER 47: STAY OF DEMAND PROCEEDINGS BEFORE HIGH COURT

- High Court rules on stay of demand when appeal is pending 248

CHAPTER 48: CBDT CIRCULARS/INSTRUCTIONS ON STAY OF DEMAND

- Rajasthan High Court has taken a view that the CBDT Instruction No. 96 dated 21.08.1969 still holds good to the effect that if the income assessed is twice than the return, it is unreasonably high pitched 253
- Instruction No. 96, dated 21.08.1969, issued by the CBDT had not been superseded by Instruction No.1914 of 1993, issued by the CBDT and accordingly, the same is still valid 254
- The fact of income being determined at a substantially higher than the returned income should be expressly brought out, and reliance must be placed on Instruction No. 96 254
- CBDT Instruction No. 1914, dated 02.12.1993 259
- Assessing Officer should grant stay in high pitched assessment considering old Instruction of CBDT 263
- High Court set aside order rejecting stay of demand in High pitched assessment 263
- Assessee deemed in default – Stay - Non-speaking order - Directing to pay 20 percent of demand during pendency of appeal is set aside 265
- Revenue authorities cannot pass an order mechanically referring the Instruction No. 1914, dated 21.03.1996, directing the Assessee to pay 20

- percent of amount during pendency of appeal before CIT (A) - Order of PCIT is set aside and remanded to the PCIT to reconsider the application of stay and decide in accordance with law 265
- CBDT's clarification on instructions on Stay of Demand..... 266
- Tax authorities may allow deposit of less than 20 per cent of demand to grant stay of demand on the basis of facts of each case 280

- Approving Authority [Section 276B] 285
- Provisions in Brief..... 287
- Initiating prosecution with the previous sanction of tax authorities 287
- Mere delay in TDS deposits in time is offence sufficient to attract section 276B..... 287
- Failure to pay to the credit tax deducted at source–Application for compounding of offence for delay in depositing tax deducted at source was dismissed only on ground that nobody attended proceedings when said application was taken up for hearing–Order was to be set aside and, matter was remanded back for disposal on merits..... 288
- Directors cannot be acquitted merely on ground that no separate notices were issued to them..... 288
- Sanction – Chief Commissioner – Late deposit of tax deducted at source – If sanctioning was held to be not as per requirement of law summons issued by the Court can be challenged 289
- Failure to pay to the credit of the Government tax deducted at source – Directors in charge, to show that offence occurred without their knowledge or due diligence was exercised by them to prevent commission of offence–

Non-issuance of separate notices, does not absolve directors in charge– Order of lower courts acquitting directors is held to be erroneous - Benefit of probation granted to accused directors of assessee and levy of fine	290
• Failure to pay to the credit of the Government tax deducted at source– Non- Executive Chairman is not involved in day-to-day affairs of company - Managing Director admitting Liability and entering into negotiations with revenue - Prosecution of Non-Executive Chairman is held to be not valid	291
• No Prosecution if it is a Company assessee	291
• For launching prosecution against Director of company, Assessing Officer needs to issue notice under section 2(35) expressing intention to treat him as ‘principal officer’	291
• A company is not a natural person but legal or juristic person. That would not mean that it is not liable to prosecution under the Act.....	292
• In charge at the time of Offence - Responsible	292
• Reasonable cause	292
• Unintentional TDS default is not punishable	293
• No person shall be punishable for any failure referred to in section 276B if he proves that there was reasonable cause for such failure.....	293
• Prosecution Offences under section 276B–Reasonable cause – Negligence on part of accountant.....	293
• TDS default amount and period is important	294

• Threshold for launching prosecution in respect of the offences for Wilful attempt to evade tax, etc.	300
• Approving Authority [Section 276C(1)]	301
• Nature of offence [Section 276C(2)].....	301
• Cognizable/or Non-Cognizable	301
• Non-Bailable/Bailable.....	301
• Punishment.....	301
• Triable by	301
• Approving Authority [Section 276C(2)]	302
• Wilful attempt to evade tax–Concealment penalty is deleted – Quashing of prosecution is automatic–The High Court can exercise its inherent jurisdiction to quash the prosecution and not indulge in the empty formality of directing the assessee to approach the Trial Magistrate.....	302
• Wilful attempt to evade tax – Compounding of offences – Compounding fees to be computed on basis of tax evaded and not income sought to be evaded	302
• Wilful attempt to evade tax–None of the authorities gave clear finding about evading tax wilfully–Minor lapses on the part of the assessee of not mentioning stock, undisclosed income in the facts of this case do not attract launch of prosecution - Prosecution proceedings were quashed	303
• Deposit of self-assessment tax belatedly - No inference can be drawn that there was wilful attempt to evade on part of assessee to evade payment of tax - Prosecution was quashed.....	303
• Wilful attempt to evade tax–Order of penalty was set aside on ground that there was no concealment of income - Prosecution was liable to be quashed	305
• Wilful attempt to evade tax – The burden of proving the absence of <i>mens rea</i> is upon the accused and such absence needs to be proved not only to the basic threshold of “preponderance of probability” but “beyond reasonable doubt”. In every prosecution case, the Court shall always presume culpable mental state and it is for the accused to prove the contrary beyond reasonable doubt. This presumption is a rebuttable one – Petition to quash the proceedings was dismissed	305
• Wilful attempt to evade tax – Depreciation on land – A claim in the return which is scrutinised by the auditors and the directors cannot be considered as a mere accounting mistake, hence order of the learned Magistrate is upheld.....	306
• Prosecution for bogus transaction - Wilful attempt to evade tax – Pendency of appeal before CIT(A)–Stay – Alleged bogus purchases– During pendency of stay the criminal prosecution should not be	

launched and, if it has been already launched, the same shall not be proceeded	306
• Wilful attempt to evade tax - False verification of statement in return— Error committed by clerk of CA - As the tax amount involved in the instant criminal appeal was meagre, and had been paid long ago, the CBDT Circular, dated 07.10.1992 squarely applied and, therefore, no proceedings should have been filed as amount was below Rs. 25,000. Hence, the Supreme Court quashed the criminal proceedings against the assessee.....	307
• Willful attempt to evade tax – Search and seizure - Failure to pay self assessment tax - Issue of show cause was held to be justified–Petition to quash complaint was dismissed	308
• Wilful attempt to evade tax - False statement in verification - Assessee already undergoing sentence therefore only fine would remain.....	308
• Wilful attempt to evade tax - Assessee had not been exonerated by the Income-tax Department in the adjudication proceedings till date - Proceeding is allowed to continue.....	308
• If the Appeal is admitted on substantial questions of law, there is no justification for the DCIT to threaten the assessee with prosecution. Even if such prosecution is launched, the same shall not proceed till the pendency of the Appeal	309
• Willful attempt to evade tax – Notice under section 156 for recovering the tax need not be issued before launching prosecution–Existence of other modes of recovery cannot act as a bar to the initiation of prosecution proceedings.....	309
• Pendency of appeal from assessment proceedings is no bar to maintenance of prosecution for offence under ss. 276C and 277	310
